Last update: October 2024

Adlershof. Science at Work.

The science and technology park Adlershof in south-east Berlin is the largest of its kind in Germany and one of the best addresses for high technology - both nationally and internationally. Local companies and scientific institutions focus on the fields of photonics and optics, photovoltaics and renewable energies, microsystems and materials, information technology (IT) and media, and biotechnology and the environment. With 18 scientific institutions and more than 1,300 companies, Adlershof offers an ideal working environment for bright minds from science and industry.

WISTA
Rudower Chaussee 17 & 19 | Kekuléstraße 2-4e
wista.de/en | wista-plan.de/en | wista-service.de/en

WISTA is a state-owned company in Berlin and an experienced business promoter, site developer, and service provider. As an initiator and economic catalyst, it strengthens the economic foundation of the capital at the intersection of science and business. WISTA not only builds, operates, and rents out spaces in technology centres, but is also active in urban development and facility management with its two subsidiaries WISTA.Plan and WISTA.Service.

ST3AM Adlershof & WISTA Academy
Rudower Chaussee 28
steam.berlin | wista.de/academy

The new working environments at ST3AM Adlershof combine areas for concentrated work, exchange and collaboration with rooms for retreat and relaxation and are completed by a maker space. WISTA Academy bundles a wide range of professional training and qualification offers - tailored to the specific needs at Germany's largest science and technology park in Berlin Adlershof.
