Stimmen aus den Unternehmen:

We found the ECF very useful. Over the course of the fair we met and collected CVs from 120 candidates. On the days following the fair we conducted interviews with 16 candidates for full time positions and 17 candidates for internships. We are currently conducting later stage interviews with 4 candidates for full time positions and have so far offered internships to 5 candidates.

The event as a whole was extremely well organized and it provided us with an excellent opportunity to get in contact with talented people from the US, people we would not have been able to meet without an event like this. Something we found particularly useful was the opportunity to interview people in the days following the fair this saved us having to fly people over to Germany for first interviews.

We will definitely be back next year!

Best Regards
